Our days with Jackson High School have meant individual participation in clubs, organizations, and other extracurricular activities. What can surpass that wonderful feeling of achievement the football player gains when he crosses the goal line, the band member experiences after a successful performance, or the debater feels when his team wins the tournament? What can match the special feeling of pride and satisfaction experienced by the choir member in donning his robe, the newspaper reporter in reading his article in the Bear Facts, or the National Honor Society member in receiving his pin? Although many students have not participated in extracurricular activities at Jackson, all have been affected by them. These activities have proven time and again to be well worth our time and effort.

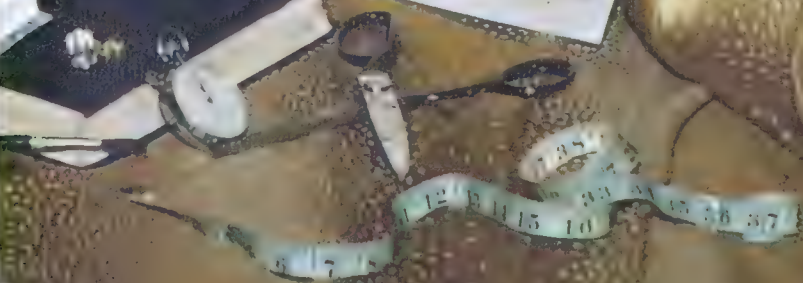

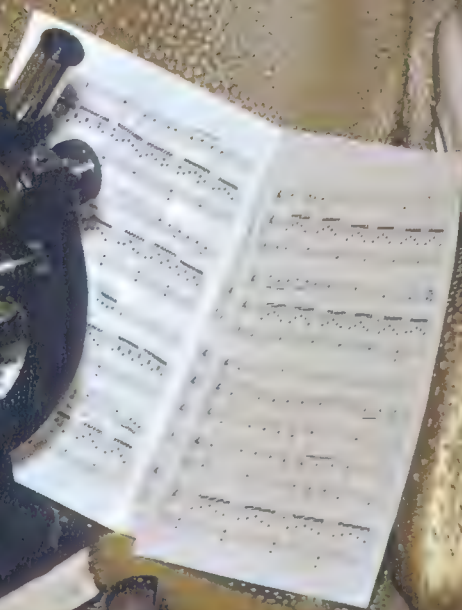

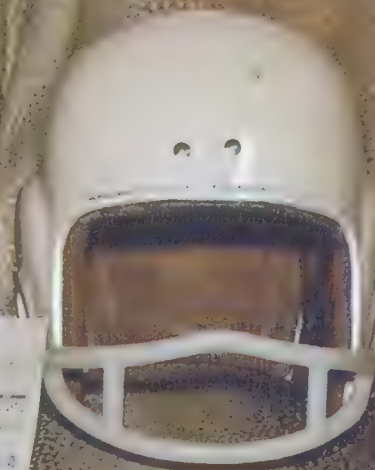

Our days with Jackson have meant group participation in classes, assemblies, and other activities that are a part of school life. We have all experienced the excitement of a football game, the fearful anticipation of report card day, and the mad scramble to get a place in the lunch line. We all know what it is like when that test grade turns out to be a little higher or lower than expected, when we are caught unprepared by a pop quiz, or when we are late for class and that locker door just won't open. These experiences are typical but they have bound us together. We at Jackson have come to look upon ourselves, not as many individuals, but as one student body living and working together.

FACULTY

Superintendent C. W. Tallman

Mr. C. W. Tallman, who this year became the new superintendent of the Jackson school district, is well-rounded in his accomplishments—educational as well as many other areas.

After his graduation from Capital University in 1954, where he obtained a history major and minors in biology and physical education, Mr. Tallman began his teaching career at Grove City High School, southwest of Columbus. Then joining the army for two years, Mr. Tallman served as an administrative specialist in Alaska, also finding time to attend the University of Alaska. Returning to Grove City High School, our new superintendent again assumed his role as a teacher. In 1960 he became assistant principal and advisor to student activities, and eventually rose to the position of superintendent. Also during this time, Mr. Tallman acquired his Master's Degree in school administration and political science from Ohio State University. Last summer he studied at Bowling Green, adding personnel administration and a seminar in public relations to his education. Mr. Tallman is presently working for his Doctor's Degree at the University of Toledo.

Athletic feats are also among Mr. Tallman's accomplishments, participating in football, basketball, and track in high school and basketball, and track in college. He set records in the 440 yard dash at Capital and in the Springfield relays.

Mr. Tallman is active in local, state and national educational organizations. He served as one of the educational consultants at the recent American Medical Association Convention, is active in the Lions and International church organizations, and is listed in "Who's Who in American Education."

Principal Andrew Steve

PRINCIPAL'S MESSAGE:

The primary purpose of your attending school is so that you may develop intellectual, social and vocational competencies. We are concerned with helping each student develop skills, attitudes and resources that will enable him to cope with the problems of tomorrow. To this our staff is dedicated.

We work with your parents to provide you with the best education possible. They have and will make many sacrifices for your benefit. But in the final analysis, we are merely trying to facilitate your own efforts toward mature behavior. It is up to you as an individual to use the tools of education provided to the fullest extent. Getting a good education should have priority on your list of interests.

I sincerely hope that you feel as I do, that Jackson is the finest school in our area. There should be a glow of pride in each of us whenever Jackson High School is mentioned.

My congratulations to each of you for a successful and profitable school year.

Andrew Steve

Assistant
Principal
Dale Haverstock

TO THE GRADUATING CLASS OF 1966:

I would like to take this opportunity to offer my sincerest congratulations to each and every member of the class of 1966.

You have worked hard to achieve this first major goal in your lives. Let your high school graduation be the spark that ignites your desire to excel in your chosen field of endeavor.

Dale Haverstock

For 20 Years of Service . . .

MR. MARION DEWALT

When Marion L. DeWalt retired from the Jackson Local Board of Education December 31, 1965, he brought to a close a term of service which mirrors in many respects the changing condition of education in twentieth century.

Mr. DeWalt was appointed in July, 1945 to fill the unexpired term of R. H. Sharrock and was elected to the board in 1945, 1949, 1953, 1957, and 1961. During this time, he served twice as board president.

Also being concerned with maintaining the high standards set by the district, and with operating them at the lowest possible cost to the taxpayer, Mr. DeWalt said his initial purpose for embarking on a twenty year career as a school board member was his two daughters, who were students in the district.

The members of Jackson Memorial High School would like to praise and thank Mr. DeWalt for his twenty years of dedicated service.

Man's Way of Communicating

Through the ages, man has conveyed his ideas by means of literature. To open to the students the door that leads to this literature and to teach the grammatical construction is the purpose of the English teacher.

During a student's first two years at Jackson, literature and grammar are equally divided. Junior English consists mostly of American literature and necessary grammar. For those who wish to study more in English they may study English literature during their senior year.

Science Department

For the first time at Jackson, five courses of science have been offered to anyone wishing to further his education in that field.

General Science, which is the exploration into the many phases of the scientific field, is the only science which is required at Jackson.

In Biology, one studies living organisms from the most microscopic to the largest. For those interested in nursing and medicine, Biology serves as a foundation.

Chemistry, the study of the composition and properties of substances, helps a student to appreciate the role of chemicals in everyday life.

The study of Physics deals with the properties, changes, and interactions of matter and energy. This subject also deals with physical and mathematical measurements.

Physiology, a new course offered at Jackson this year, deals with the functions and vital processes of living organisms or their parts and organs.

Music is appreciated by all people, from the noblest queen to the poorest slum child.

The objectives of the Music Department at Jackson Memorial High School are to entertain, to act as a stimulus for those seeking further education in music and to enrich the lives of its members.

In the world of automation where so often a machine can replace and most often excel the endeavors of a man, one must realize that computers and machines are only tools of men, as is the paintbrush of the artist or the saw to the carpenter. To inspire creativity and to train hands and minds for tomorrow are the objectives of the Industrial Arts Department at Jackson.

CLASSES

Our senior class officers are Alec Michael, Treasurer; Donna Halter, Secretary; Mike White, President; and Paul O'Connor, Vice-President.

The constant struggle of four years has finally culminated in the attainment of our ultimate goal: FREEDOM. But we must realize that this youth-like freedom will be short lived. Soon many of us will enter college to once again be "enslaved" by textbooks; others will compete for jobs in order to beat the "rat-race". Yet it should be remembered that this in itself is a freedom relatively unknown to millions of people. The freedom to further one's education or the freedom to choose one's profession is something which only citizens of the United States of America possess. The only reason we today possess any form of freedom is because a great many Americans took the liberty to die for their country. At the times they were on the battlefield these soldiers may not have thought about dying in such a way for such a cause as American freedom; but I feel assured that if they again had their choice between living or changing the course of history they would not hesitate to choose the latter. So you see our liberty is not a right; it is a privilege—a privilege which we ourselves may have to earn . . . even by dying.

We would like to thank the teachers of Jackson High, for they have given the key which unlocked the door to the world, as well as a push in the right direction.

Mike White

SENIORS

The class advisors, who have greatly helped us throughout our high school years, are Mrs. Bond, Mr. Burgess, and Mr. Gatchel.

Four years ago 225 Freshmen, the Class of 1966, entered Jackson Memorial High School as extremely enthusiastic and frightened Freshmen. Throughout the past four years, we have lost our fright, and have had the opportunity to express our enthusiasm. We shall remember the money-making projects, the Junior-Senior Proms, the Senior Party, and many other momentous occasions.

The class colors, burgundy and white; the class flower, the pink rose; and the class motto, "We have opened the door, the world lies before us;" all represent the Class of '66.

It is the belief of the class of "68" that it is necessary to create a common interest between the student and the school.

To create such an interest, there is a need to increase school spirit and school pride.

It is our hope that through maintaining a high scholastic average and excelling in extracurricular activities, school spirit and school pride will be increased and a common interest will be developed between the school and the student.

FRESHMEN

When we entered high school last fall as freshmen, we began thinking of the future. In regard to that future, we must remember that our actions in high school will reflect upon us the rest of our lives; and we should, therefore, try to surpass the outstanding standards set by the classes before us. We should also remember that we are representing our school and our class in every activity in which we participate.

I would like to thank each member of the class of '69 for his support during the year. It was my highest honor to represent our class, and I would like to thank you again.

STUDENT LIFE

Mr. and Miss Jacksonite Contest

One of the greatest honors accorded to a student during his high school career is to be chosen Mr. or Miss Jacksonite. A student must maintain an overall average of 2.5 to be eligible. A vote by the senior class then determines who will be Mr. and Miss Jacksonite and the runners-up. The basis of the voting is personality and service to the school.

The distinction this year is given to Mr. Jeff Zink and Miss Nancy Stockburger.

Honors also received by Nancy this year include Miss Junior Achievement 1st Runner Up, Basketball Homecoming Queen, treasurer of Y-Teens, and secretary of the band.

Jeff was named one of the top-ten speakers in the United States and Canada, received the Double Ruby award in NFL, is president of NFL and Spanish Club, and was chosen as Teenager of the Day by the Akron Beacon Journal.

Something New

Our days with Jackson this year have been improved by services rendered and additions to the school. Thanks to new faces and modernization, Jackson has continued to progress in its goal toward a more perfect institution of learning.

Programs for assemblies this year were typed up on a new IBM Executive typewriter, which was operated by Dave Schroyer and Helen Walton.

The flag raising at the football games was carried out by the Boy Scouts. Pictured is Dan Jindra, who helped at every game, and Tom Holl.

The new office reception area was made possible through the efforts of Mr. Davidson and the shop.

This year we had a graduate from Valby School in Copenhagen, Denmark. Anita Larsen stayed with an aunt by the name of Mrs. Kai Licht who lived on Huckelberry and then moved to the Lehman district in January. She became an active member in many organizations as part of the senior class.

New teachers added to the school this year include ROW 1: Mrs. Hursh, Mrs. Hillebrecht, Mrs. Morgan. ROW 2: Mr. Dawson, Mr. Bergen, Mr. Voltz, and Mrs. Day, Miss Roberson—not pictured.

The Happiest Millionaire

This year the Belles and Beaus presented the All-Class Play, "The Happiest Millionaire" written by Kyle Crichton. It was directed by Miss Karen Anderson. The play, which was held in November only had four weeks of preparation, during which there were many problems. The play deals with an eccentric millionaire, Anthony J. Drexel Biddle, who wanted to live exactly as he pleased. That included teaching his children how to box and keeping live alligators in the conservatory. There were three student directors. They were Elain Brechbill, David Blank, and Johnnye Lewis.

The cast of the "Happiest Millionaire": Mike Bode, Johnnye Lewis, Chuck Blank, Bob Amacher, Gay Pearson, Carol Buckwalter, Rick Henzel, John Arigoni, Donna Halter Bruce Crissinger, Karen Rank, Cindy Brady, Alan Schött, Nancy Gillis, Jim McCullough.

The four leads were Rick Henzel, Johnnye Lewis, Carol Buckwalter, and Gay Pearson.

Strange things such as boxing in the living room occurred at the Biddle residence.

Bruce Crissinger	John Lawless
Chuck Blank	Livingston Biddle
Bob Amacher	Tony Biddle
Carol Buckwalter	Cordy Biddle
Rick Henzel	Anthony J. Drexel Biddle
Johnnye Lewis	Mrs. Anthony Biddle

Nan Gillis	Cousin Lucy
Gay Pearson	Angier Dicke
Mike Bode	Spike O'Malley
Cindy Brady	Mrs. Benjamin Duke
Donna Halter	Emma
John Arigoni	Joe Mancuso
Jim McCullough	Charlie Taylor

Mrs. Hursh graciously received a gift from the cast.

Our Days

On December 21, the band and choir combined for a Christmas concert which they presented for the student body and in the evening for the public.

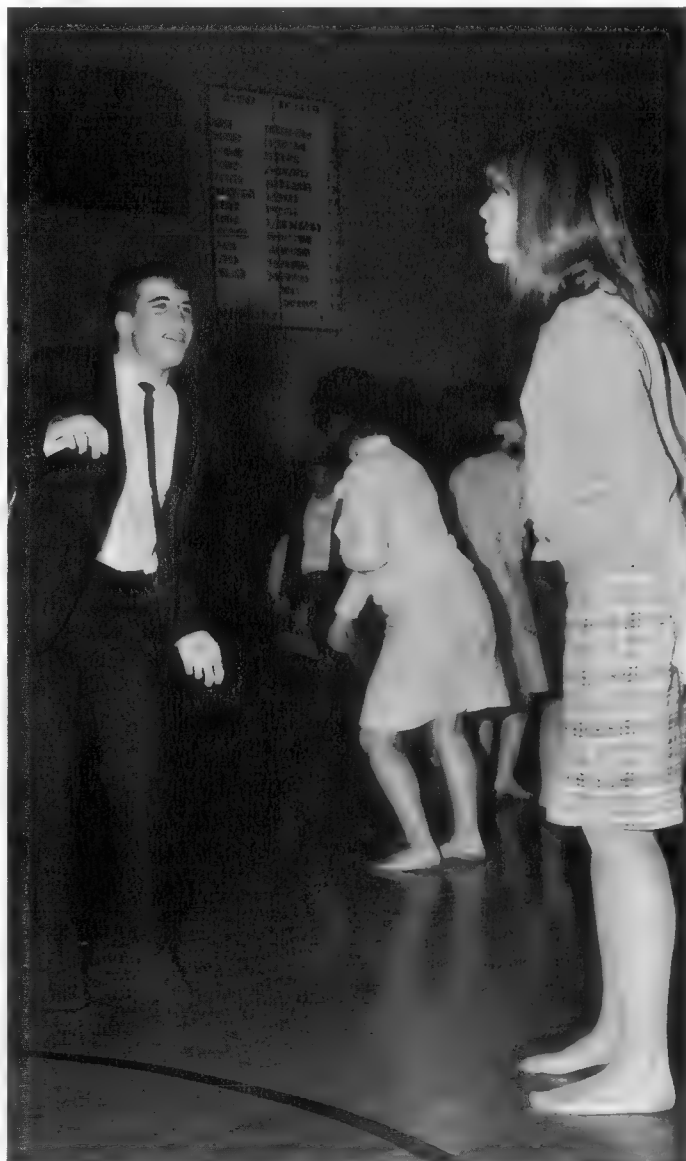

... Jackson School are filled with many chapters that make a memorable book. There is studying to be done but it takes many experiences to fulfill a high school career. Many different events took place during the year to help make "Our Days with You" ones we will never forget.

The sock-hops after the home games added a memorable chapter to the lives of the students.

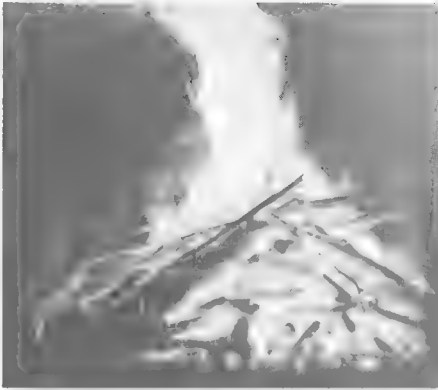

Each new friend adds another chapter.

A lot can be gotten from the Sciences if one takes it seriously and works hard.

With You . . .

The bonfire rally held November 4 encouraged our football team to get a victory from Canton South.

A victory rally was held on Monday after the North Canton football game to thank Mr. Reese and the team for a job well done, which gave us a 10-0 victory season.

In the lobby at noon, the students relax and release many of the tensions that build up during the course of a school day.

What would the students do without the use of the telephone?

Santa looked over the record of Mr. Temple and the band members at the Band Christmas Party, held December 18, to determine if they should get anything for Christmas.

What would life be like without laughter?

This year the Dramatics Club got a late start, due to the lack of an advisor. When Miss Anderson, the new director, finally arrived, there were only four weeks left in which to stage the All Class Play, *The Happiest Millionaire*. Thespians, the honor society of the Dramatics Club, has been the goal of all the members of the organization. One of the traditions at Jackson is Senior Talent Night which the Belles and Beaus sponsor every year.

There was a doubt in many people's minds whether or not there would be a Dramatics Club this school year. It took a lot of hard work, but finally the members had a club to be proud of. Thanks go to Miss Anderson and many able, hard-working students.

All Latin students are members of the Junior Classical League which is a national organization composed of classical clubs in junior and senior high schools. Members covenant to hand on the torch of classical civilization in the modern world. They believe an acquaintance with the civilization of Greece and Rome will help them understand and appraise this world of today which is indebted to ancient civilization in its governments, laws, literatures, languages and arts.

Activities during the current year have been the donation of food for gift boxes at Thanksgiving and Christmas, an illustrated lecture related to the Romans influence in England given by Mrs. Florence Hyde who attended the state junior Classical League convention at the Ohio State University March 12, the Roman Banquet, and for the advanced class, the annual trip to Cleveland in April to attend the performance of an opera presented by the Metropolitan Opera Company of New York.

Le Cercle Français

As members of the circle français, under the supervision of Mr. Geib, the students of this club learn to know well one of the most fluently spoken modern languages. With the aid of new books for all the classes, this is more readily accomplished.

Upon entering into their third year of French, the students are proudly presented with pins which have on them the emblem of a Fleur-de-lis. These pins merit their accomplishments of the past two years of French and completion of their third year.

At Christmas the students collect old toys for needy children. For the first time, this year they entered a project into the Language Fair. By doing so it helped them to learn about and appreciate the beauty of France.

of America

In the past year the F.T.A., headed by President Connie Nelson, undertook many different projects which were beneficial not only to their immediate group, but to other individuals as well. Among these was a field trip to Mount Union College on November 21 for a tour of the campus. The group was also a guest of the college for a football game between Mount Union and Westminster. On December 22, twenty members met at Saint Luke's Nursing Home in North Canton with cookies and gifts for the residents there. They sang carols and enjoyed fellowship with the older people. One of the highlights of the year was the F.T.A. Workshop held at Jackson on April 16 for any interested chapters of schools in the surrounding areas. The day was divided up to allow interested students to attend buzz sessions on elementary, special and high school education as well as administration.

Y-Teens

The Jackson Chapter of Y-Teens is an organization composed of interested and ambitious girls working for the betterment of every individual. This year, as never before, the follow-up to each Y-Teen meeting and co-operation among the girls was fantastic.

Under the supervision of a new advisor, Mrs. Day, this club had interesting speakers and programs for the monthly meetings. At Christmas time, the girls went caroling at Massillon State Hospital and contributed small gifts for a service project. A trip to Washington D.C. was planned for Y-teen members in June.

The A'Cappella Choir

The A'Cappella Choir was kept busy all year with rehearsals for various programs. Early in December the choir traveled to Cleveland to tape a television show. The "Messiah" was presented for the public. A new venture was made in the Christmas Concert, given by the band and choir for the student body and for an appreciative audience the same evening. Besides all these activities, several performances were given for radio stations. The highlight of the year was the production of "My Fair Lady". The choir also participated in The Ohio Music Association Choir contest, the Easter assembly, and will participate in Baccalaureate services. A spring concert was given featuring songs which the choir had sung throughout the year.

This year in Stark County, it was indeed the year of the Polar Bear. Jackson this season had one of the best—if not the best—teams that ever played here. A team that abounded with skill and spirit, they started the season with a big win over Canton Lehman and ended it with an even bigger one over North Canton, scoring the winning points in the last eight seconds. When the Bears came home after the final game they brought with them the Federal Season Crown (the first in three years) and the first undefeated season in ten years and were ranked 15th in the state.

Jackson had seven players on the first All Federal League team, two on the All County, two on the Northeastern Ohio teams, and one on the All State team.

The reserve and freshman teams also had good seasons, with an undefeated season for the former and a loss of only one for the frosh. So it appears that Jackson will be a football power in the county for some time to come.

Randy Cable almost breaks away in the Polar Bear's Victory over Perry. Randy was second in Stark County scoring with 102 points.

Ernie Lambos stops a Marlinton back as the Polar Bears won 46-0. Ernie proved to be one of Jackson's best defensive linemen.

Ron DeMuesy is brought down as he tries to go around left end against Perry. Ron, next year, should be another in a long line of superior Jackson Quarterbacks.

Tim Bubenchik has been tripped up on this play as Mike Hout looks on.

Our cheerleaders were important to the success of the football team. No matter what the conditions, they were out there cheering to help bring home those ten victories.

Tim Bubenchik followed by Dan Detwiler seems to be on his way to a substantial gain. But come on, Tim, let them catch you once in a while or you might give those poor Perry guys an inferiority complex.

Coach Reese was voted Coach of the Year by the Stark County Coaches' Association. This honor was well deserved.

Paul O'Connor seems to like to tear things apart, including opposing teams, which he did a lot of this year.

Basketball Homecoming

Miss Nancy Stockburger reigned over the game with Massillon as the 1965-66 Basketball Homecoming Queen. She and her attendants, Misses Nancy West, senior; Donna Mallue, junior; Sandy Wilton, sophomore; and Pat Phillips, freshman, watched as the Polar Bears ripped through the Tigers, 75-68.

At the dance following the game, Nancy and her court were again honored.

MISS NANCY STOCKBURGER
Homecoming Queen

The queen and her court enjoy Jackson's Homecoming victory over Massillon.

Miss Nancy Stockburger was crowned by Miss Judy Pritz, last year's Basketball Homecoming Queen.

Hank Nicodemus comes through the Bear's head as he is introduced at Jackson's victory over Massillon.

Jim Wright shoots for two against Fairless.

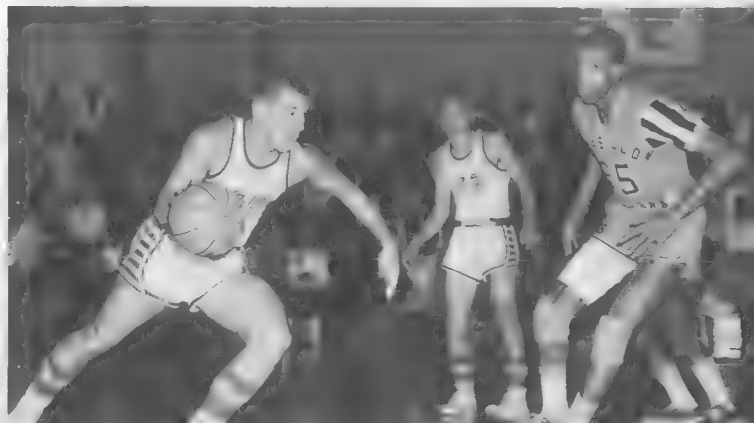

"Look out boys, I'm coming through." If we know Randy Cable, he probably made, it.

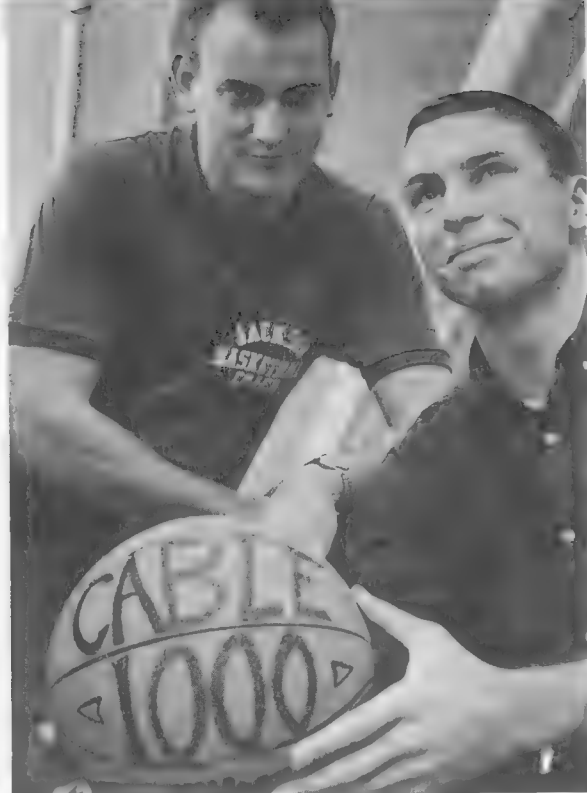

Arch Haer "flies through the air with the greatest of ease" on a fast break against Fairless.

Bruce Peters drives against Ezra Pittman as Massillon tries to press the Polar Bears.

Coach Thomas fires up the team during a time out.

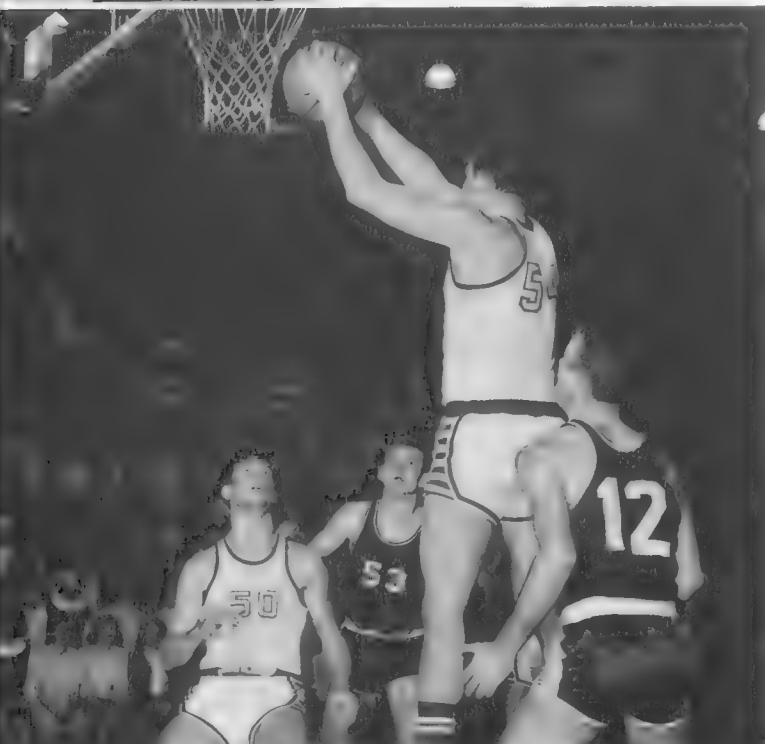

Randy Cable, who finished this year as the county's 2nd highest scorer, won the honor of being the first boy at Jackson to break 1,000 as a life-team career point total. As a junior, Randy was the county's highest scorer.

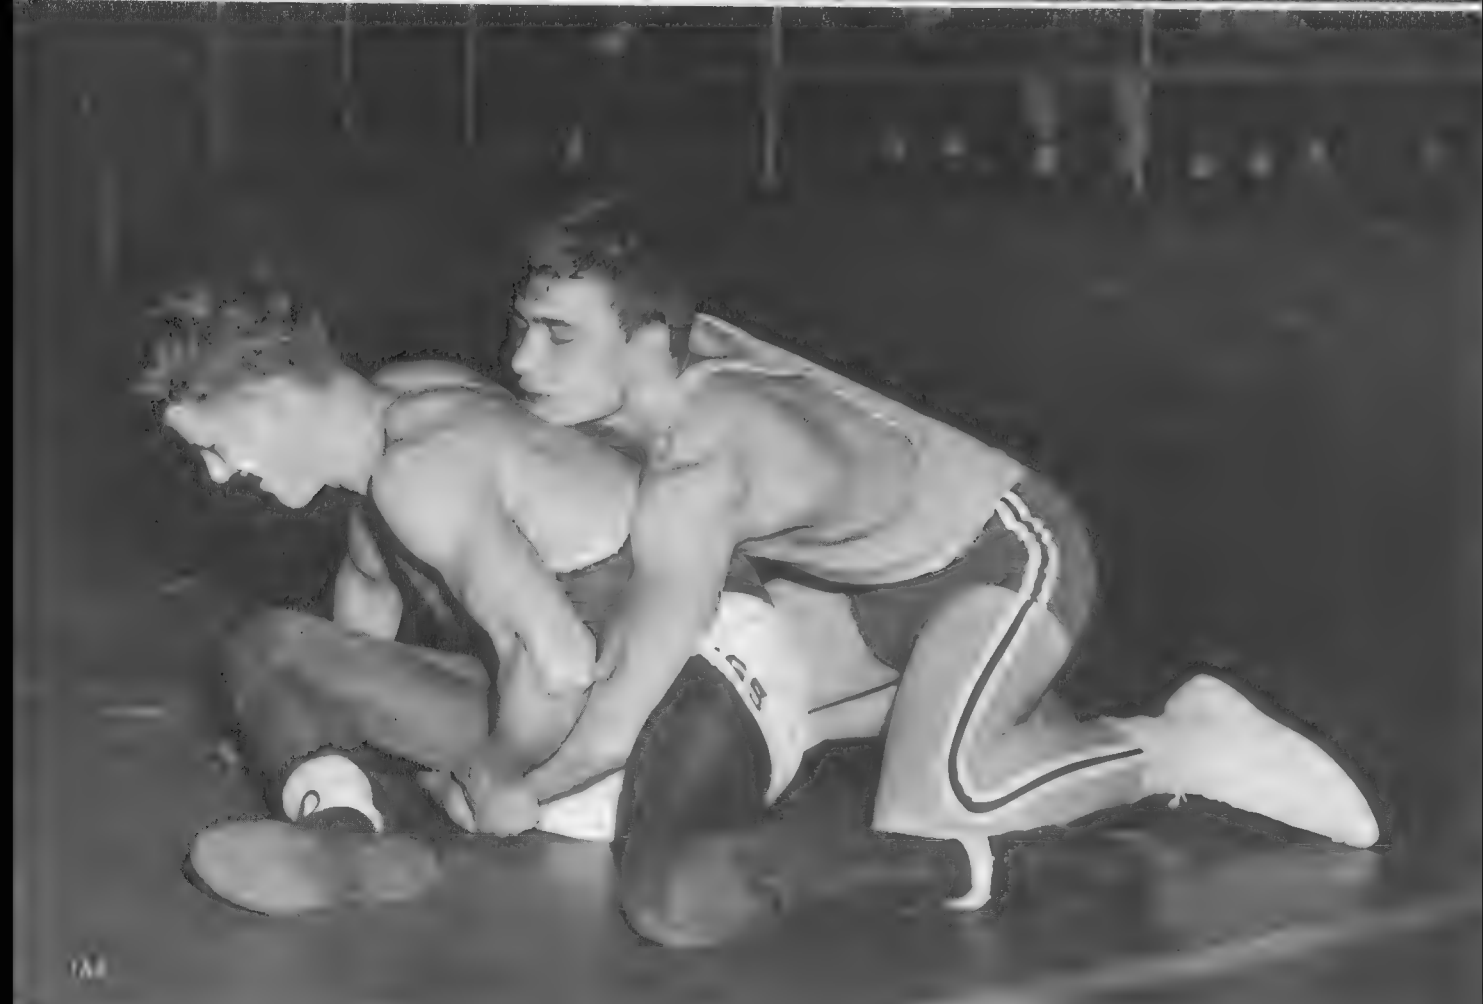

This trophy is the proud proof of Jackson's big win over Perry. Jackson won 57-49.

Hank "Alabama" Nicodemus shows how they do it in "the land of cotton."

Tad Miller grabs a rebound while Arch Haer and two Fairless players looks on.

ROW 1: Tom Wright, Bob Mysza, Mitch Miller, Ben Parsons, Tim Kuhn, Jim Greco. ROW 2: Coach Berg, Bill Winnet, Tony Pizzino, Mike Hout, Ted Sanders, Jan

Perault, Ted Miller—Manager. ROW 3: Marv Roberts, Frank Medure, Rick Gardner, Ken DeMuesy, Rick Lorenz, Gay Pearson, Ken Roush, Bob Geis.

Coaches John Berg and John Voltz

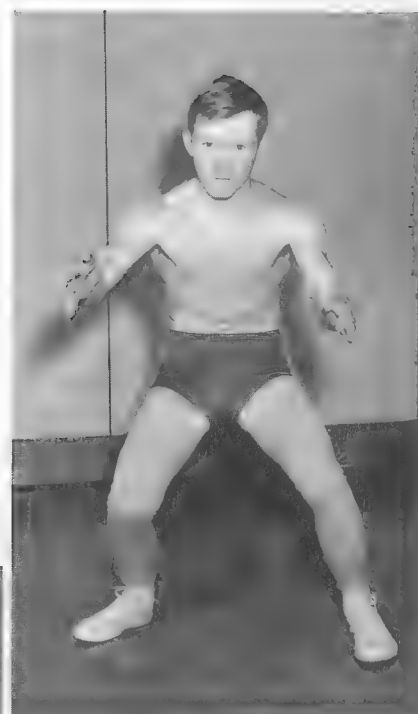

This year, the matmen did a pretty fair job. The team, which only had four returning lettermen, ended with a record of five wins against seven losses. Only Perry, of the three Federal League teams which met Jackson, went home as winner. The reserve team had a very good season, winning all of their meets except one against Massillon which they lost by one point.

Tony Pizzino forces his opponent's shoulders to the mat in a varsity 175 lb. contest.

Physiology, a course in advanced biology, is a course "enjoyed" by many seniors.

The Jackson faculty won over Barberton in a ghost game with no help from a few Jackson students who secretly played for Barberton.

SENIOR INDEX and GENERAL INDEX

The team looks on anxiously as Jackson gets another victory.

Our basketball team was encouraged to get a victory due to the many fans present at the games.

Students:

Now that the '66 SCOOP is just about finished, we wish we had it to do all over again. A lot of work had to be done; but along with the work, there have been many good times to remember while putting the book together. As a team, we have worked to do our best to turn out what we consider, "the best Scoop ever"; and hope that as you go through the book, it will bring back many memories of things you did throughout the year.

We would like to thank all those who helped us make everything possible. Thanks go to Troup & Pluto for doing a wonderful job with the pictures, to all the companies to whom we sold ads, and to the faculty and administration; without all their co-operation our work would have been greatly hindered. Special thanks goes to Mr. Ramga for all his patience and advice in helping us meet all our deadlines. Again, we would like to thank everyone who made the '66 SCOOP possible.

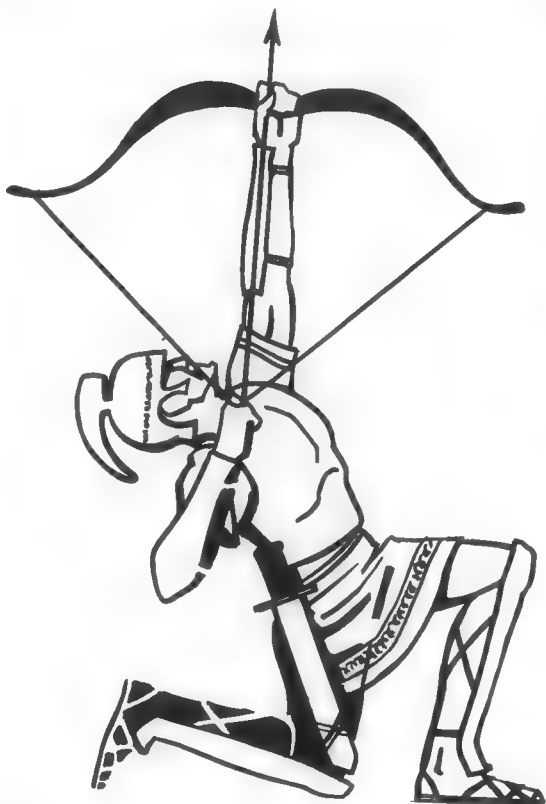

Sincerely,

Becky Vaughn and Connie Nelson
Co-editors

The Pursuit of Excellence

A leading business firm uses as its trade mark an illustration of a hand reaching for the stars. They explain that you don't always get a star by reaching for one; on the other hand, you don't wind up with a handful of mud.

There's a lot to be said for doing the best you possibly can all the time. If you don't, you may never find out how good you are.

VOLKSWAGEN Sales & Service

Next year could be worth \$35,000 to you.

If you're about to enter your senior year, there's a good chance it will ... but you must remain in school, and earn a high school diploma.

Who says so? The U.S. Census Bureau. Its figures show graduates earn about \$35,000 *more* before they retire than those who drop out in the first three years.

Sure, a diploma's no guarantee of a good job. But personnel managers do ask themselves: "If he didn't finish high school, how do I know he'll stick it out here."

Remember. Unemployment among dropouts is *twice* that of the general population. And dropouts stay unemployed longer!.

Yet, despite these disturbing statistics, three of ten high school students leave without diplomas. Some 750,000 high school students will quit next year.

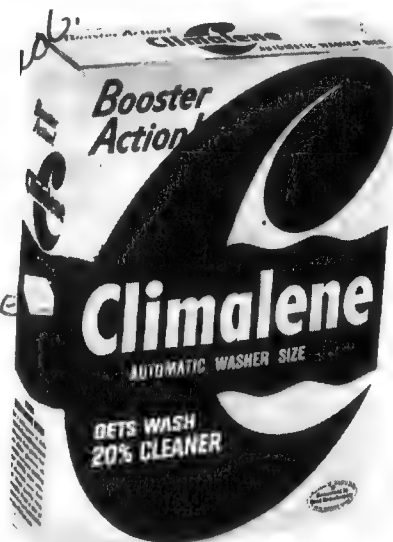

Can you afford to be one of them?

Commencement

1966

Mike White, the Class President, gave the Valedictory Address, in which he recognized that one teacher helped and inspired him. Likewise each student has also been inspired or helped by a particular teacher.

Linda Knisley, Co-Salutatorian of the class, welcomed the audience to the commencement exercises.

Johnnye Lewis, Co-Salutatorian of the class, gave a speech, "In Gratitude", in which she thanked all who had helped the Class of '66 to acquire their high school education.

"We Have Opened the Door, the World Lies Before Us"

Mr. Lewis E. Harris, the Executive Director of the Ohio School Boards Association, gave the class address, "Happiness Is Success."

Outside the auditorium the Class of '66 waited to enter the school to participate in their last official school activity, graduation.

On June 6, the Class of '66 graduated and consequently opened the door to the world that lies before them. Some felt reluctant to leave the security of school; others could barely wait to leave, but all are now in the world and each graduate feels a little closer to reaching success for he has earned his diploma, the key which opens the door to the world.

The class marched into the auditorium to "Pomp and Circumstance."

Mr. Graybill, President of the Jackson Board of Education, presented diplomas as Mike White read the Class Roll.

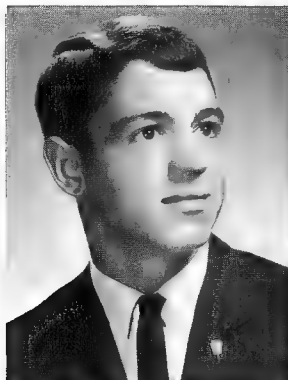

The Class of '66 left the auditorium in the recessional.

Linda Block showed the pride and happiness that each member of the class felt upon receiving his diploma.

Nancy Stockburger, as other Seniors, was congratulated in the receiving line after graduation.

Although there was no official after prom, the weekend continued for most with parties, picnics, and other activities.

"My Fair Lady"

The Cockneys of Covent Garden ask "Wouldn't It Be Lovely".

MY FAIR LADY was presented by the choirs on April 1 and 2. This being the last play Mr. Lewis directed at Jackson, was one of the best our school has produced. This success was partly due to the combined work of the choirs and band; again a first time the band did the orchestration.

The story, MY FAIR LADY, is one of Eliza Doolittle, a common ignorant girl who takes speech lessons from Professor Henry Higgins, so that she can become a lady instead of selling flowers on the corner of Covent Garden in London. Through the whole story Eliza shows an increasing love for Prof. Higgins, but he dominates her and treats her rudely. Finally in the end when she decides to leave, he discovers that he loves her, too. She then stays with him and they are very happy.

Eliza Doolittle went from an ignorant "guttersnipe" to a beautiful lady at the Annual Embassy Ball.

The two leads, Karen Bushman and Mike Bode, come forward to receive their much deserved applause.

Jackson Memorial High School held its annual Industrial Arts Fair on May 27, 1966. Major changes which took place this year were the elimination of judging in the art department, the addition of pictures of former graduates and a larger language display. In all, the Industrial Arts Fair proved interesting and successful.

Mrs. Wheeler, the Spanish teacher, and her students worked industriously on their display.
